

Press Release

Credit where it's due

January 2012

We don't like to brag... well, only when it's right and proper to do so... But we have to admit to being delighted at the outcome of this year's Estates Gazette poll of the most active and successful commercial property agents in the region.

As you'll know we're a small team with just one office in Ipswich. So to come in 7th overall and to have our two dealmakers in the top 10 is just great news.

Beverley Jacobs, well known for her pro-active approach, was equal 4th in the "dealmaker" league and I'm delighted to be listed as 7th.

And as Susan Jamieson of Estates Gazette was kind enough to comment, "Again, an excellent achievement for a single office" we're very proud of ourselves.

We're up against some very tough competition – agents with multiple offices, teams of negotiators and a history that goes back far longer than our relatively modest five years.

But they need to watch their backs... we've some exciting plans in the pipeline for this year. And nothing's going to stand in our way!

The top five ranked agents were Savills, Barker Storey Matthews, Bidwells, Carter Jonas and Roche. Adrian Fennell from Roche was ranked top dealmaker.
